

# 2019 E Source Summit for the Tennessee Valley

May 16, 2019

---

In May 2019, we brought Tennessee Valley utility peers together for a day of collaboration focused exclusively on your LPC, your customers, and the changes taking place across the utility industry.

Via the links below, you can download presentations from the event.

## **The Rising Tide of Customer and Market Expectations**

During this session, we'll discuss how you can respond to rapidly changing customer expectations and the ever-evolving energy landscape.

**Ken Black**, Chairman of the Board, E Source

## **Enhancing Brand Perceptions: Revitalize Your Brand and Win Your Customers' Hearts**

Your utility is in danger of losing brand value as other companies compete for your customers' attention. By following the path of successful brands—from both inside and outside the energy industry—you can revitalize your brand and win your customers' hearts.

**Jessica Bailis**, Analyst, Marketing and Communications, E Source

## **High-Performance, Low-Cost CX: The State of the Energy Industry**

We'll share results from our recent voice-of-the-utility studies, the E Source Digital Metrics and Contact Center Performance surveys, and discuss opportunities for you to continue improving your customer channels.

**Jeffrey Daigle**, Director, Customer Experience, E Source

**Aleana Reeves**, Senior Director, Customer Experience, E Source

## **The Power of Self-Service Channels**

Join us as we demonstrate how to find best practices for websites and IVRs in our Website and IVR Design Centers. We'll then explain the important steps you can take to improve these self-service channels.
