

The DSM trends utility executives think you should know about

Takeaways from the DSM Executive Council

By Gabe Cuadra

August 13, 2019

As part of their <u>E Source Demand-Side Management Service</u>, DSM executives from across North America come together for the E Source DSM Executive Council, held twice a year. They connect with one another and with E Source staff to share innovations, discuss challenges, and solve problems. All of them have one overarching goal: to return to their utility with ideas they can implement. Here we share six takeaways and trends from the spring 2019 meeting.
