

## Billing and payments with Ameren

## **Consulting case study**

May 6, 2021

Ameren wanted to better understand how its customers receive, interact with, and pay their utility bill—all while getting a better understanding of the overall sentiment around customers' digital billing and payment experience. The utility tapped E Source to help identify and prioritize solutions.

Do you need help developing a better digital billing and payment strategy? Learn how <u>E Source Management</u> <u>Consulting</u> can help you meet your goals.
