A **metric meter** has five numbers in a row. Read the numbers from left to right, just like an odometer.

An **imperial meter** has four dials. Record the numbers from left to right. If the hand is between two numbers, record the smaller number except when the hand is between the digit 9 and 0, in which case record 9.

Pro tip: Snap a pic!

Take a photo of your meter, so it's quick and easy to reference when you submit it online.
